ABOUT ME

Hands on operations head with extensive experience enhancing productivity, while ensuring quality, safety, and sustainability are improved and not compromised.

Capable of coordinating the activities of multiple departments involved in the design, manufacture, sales, and distribution of products and services.

Being able to work with people at all levels whilst demonstrating excellent commercial skills to resolve problems and develop business processes.

Understanding of human resources, along with the ability to coach, motivate, and manage the performance of team members individually and collectively.

Seeking a new and challenging management position that will allow me to leverage my existing skill set and experience, as well as, advance my professional and personal development.

WORK EXPERIENCE

Omnia Smart Technologies Ltd

Operations Director – May 2022 – Current

- Successfully onboarded 4 fleets of 300+ vehicles into AI-One
- Successfully designed and implemented the UKs first fully automated data collection system for public waste collection (Flintshire County Council)
- Assisting in the design and implementation of Net Zero Strategies for 25+ councils

Operations Manager – July 2017 – May 2022

- Year on year revenue growth >30% (Year 2 = 106% revenue increase)
- Recognised market gap and led the design and development of AI-One (waste management solution).
- AI-One allowed us to move our services offering from a third-party model to a self-owned model, resulting in an increase in gross profit by 33%.

BreakOut Room Pty Ltd

Owner – July 2016 – April 2017

- Successfully made 240% ROI

Absolute Containers Pty Ltd

Operations Director - Aug 2015 – June 2016

- In my six years at Absolute, total revenue increased 12x.
- I was the 6th hire and hired over 200 people
- Built 130 schools for Breidert Education Development/Bill Gates Foundation
- Multiple process improvements created what is still a very successful business

Operations Manager - Jan 2012 – July 2015

- Successfully relocated business operations to upgraded facilities
- Responsible for managing and coordinating multiple teams with a staff count of more than 150 individuals
- Built a 500-man diamond mining camp for Anglo-American PLC in Namibia
- Relocated 500-man camp 600 miles into desert within 9-week deadline

Production Manager – Nov 2010 – Jan 2012

- Managed and co-ordinated a team of 30 people

OTHER ROLES

Charted Institute of Waste Management (CIWM)

Policy and Innovation Forum Member – Nov 2022 – Current

- Responsible for drafting a 3-year circular economy plan for the UK government with particular focus on innovation and technology
